Gx-99 Body Sculpting Treatments

Benefits of the Gx-99 System:

When detoxification occurs in the body, many benefits follow. In addition to a slimmer figure, revitalization and renewed energy levels; a cleansed, toned, healthier body emerges. This is due to the removal of wastes and toxins through a stimulated immune system.

- Temporarily reduces the appearance of cellulite
- Promotes lymphatic drainage
- Improves circulation
- Soothes sore muscles
- Body Contouring
- Skin Toning

Airbrush Tanning

"The Center Sanctum gave my daughter and me a healthy, authentic alternative to the tanning bed or natural sun exposure. After watching my beautiful twenty-five year old daughter suffer through melanoma surgery and extended treatment, her sister and I could no longer expose ourselves to the sun. To our surprise, we found a place where tanning is affordable and looks terrific! The Center Sanctum's airbrush tanning is a great way to get that healthy summer glow without risking our health. The staff members are friendly, personable, and sincerely want to meet your needs. I'm grateful to have found new friends who can help me feel good about myself in a healthy way." *Kathy Lawrence-Bigrigg*

Inch-Loss Body Wraps

"I remember my very first wrap. I came out more relaxed than I had been in years! I lost 21 3/4", and, 7 years later, I enjoy it as much as I did the first time. I will continue to come for wraps, Gx-99, and Sudatonics because I get results every time!" *Dian Robinson*
